

Terra-Petra Environmental Engineering is looking for:

Vapor Barrier Inspectors in the Bay Area (Position offer expires June 1st).

Terra-Petra is looking for Quality Vapor Barrier Inspectors to join our team in the San Francisco area. These are part-time entry level positions, and offers great flexibility to accommodate for demanding school and study schedules. Positions start out as part-time and can transition into full-time work. On the job training/certification will be provided for all entry level inspectors.

This is a great opportunity for a student to gain real world experience by providing engineering support to our team of environmental engineering professionals. We are seeking a motivated and achievement oriented individual looking to gain practical hands-on experience outside of the classroom.

When you join our Terra-Petra team, you will enjoy a unique and welcoming culture. You will find that we offer and harbor a supportive culture that allows you to do your best work. You will be trusted to do the right thing by our project managers and external clients. The work we do is interesting, challenging and best of all – our work protects the health and welfare of the community we live in.

Student must meet the following Minimum Requirements:

- Have strong work ethics inside and outside of the classroom
- Flexible schedules that will allow them to be away from the classroom at the minimum of 4 hours at a time.
- Strong oral and written communication skills
- Able to use Microsoft Office Word, Microsoft Excel & PDF documentation (entry level ok)
- Able to work both as a team member and independently
- Must own a vehicle and have a valid driver's license and be able to commute in and around the Bay Area.

Compensation:

- This is a 1099 position that pays \$25.00 an hour.
